Luis Blázquez Segura

WEB DEVELOPER - JR CYBERSECURITY ANALYST

ABOUT ME

I love learning and taking on new challenges. I'm a curious and committed person with the ability to adapt to different situations. I enjoy working in a team, but I also thrive independently, solving problems even under pressure. I'm looking for an opportunity in the tech industry, especially in application development or cybersecurity, where I can continue growing and contribute my knowledge.

EDUCATION

HIGHER TECHNICIAN IN WEB APPLICATION DEVELOPMENT

MEDAC / 2022 - 2024

Design, development, and deployment of web applications. Skilled in languages such as HTML, CSS, JavaScript, and Python, with experience in managing relational databases using SQL, setting up development environments, and ensuring application security.

HIGHER TECHNICIAN IN TEACHING AND SOCIAL-SPORTS ANIMATION

MEDAC / 2018 - 2020

Development of communication skills, teamwork, and the ability to address the specific needs of each group.

CERTIFICATIONS

JUNIOR CYBERSECURITY ANALYST

Escuela de la Organización Industrial (EOI)

Duration: 170 hours / Oct 2024 - Dec 2024

Network and systems administration and management, configuration of network devices, and endpoint security. Protection against vulnerabilities, system defense through firewalls, cryptography, and cloud security, as well as threat management.

GOOGLE CYBERSECURITY PROFESSIONAL CERTIFICATE

Google Career Certificates.

Duration: 166 hours / Oct 2024 - Dec 2024

Identification and mitigation of risks, threats, and vulnerabilities. Experience with SIEM tools, IDS systems, Python programming, Linux system administration, SQL, and network and device protection, applying best cybersecurity practices.

SOFT SKILLS

- **Analysis and Decision-making:** Effective evaluation of complex information.
- **Problem Solving:** Proactive and efficient approach.
- **Active Listening:** Effective and attentive communication.
- **Teamwork:** Collaboration and synergy within the team.
- **Commitment:** High involvement and responsibility.

OTHER INFORMATION

- Driving License B, A2.
- Personal vehicle.
- Availability to travel.

EXPERIENCE

WEB DEVELOPMENT

WEB DEVELOPER

Japi Estudio / Mar 2024 - Oct2024

I developed responsive websites, customized WordPress plugins using CSS and JavaScript, and focused on optimizing page performance to ensure fast load times and smooth user experiences. Additionally, I applied agile methodologies to manage projects efficiently, working in collaborative environments to meet deadlines and continuously improve the product based on user feedback.

SPORTS SERVICES

SPORTS SERVICES ASSISTANT

Tennis Club Hotel Don Carlos 5* / May 2022 - Nov 2022

Responsible for the availability and proper condition of the tennis courts, ensuring an optimal experience for users. Management of reservations and customer service, with strong communication skills and the ability to resolve issues within the socio-sports environment.

TECHNICAL SKILLS

Networks: Configuration of network devices, traffic analysis using packet sniffers like Wireshark and Nmap. Knowledge of various protocols and SIEM tools.

Security: Protection against vulnerabilities, knowledge of Linux command line, threat management through Cisco Packet Tracer, and Bash scripting for permission handling. Configuration of virtual machines.

Programming: Web application development with HTML, CSS, and JavaScript. Development with React. SQL queries to databases. Beginner-level Python. Web application deployment with Next.js.

PROJECTS

React project with bidirectional communication thanks to Pusher and Next.js for updating the timers in the MongoDB database: <https://vikbutton.vercel.app/>

React project with dynamic search filtering using ternaries and JavaScript conditionals: <https://motofinder.netlify.app/>

Developed a responsive portfolio using HTML, CSS, and JavaScript. You can check it out at <https://luisblz.com/>
